

CARECLEAN ECS QUICKDRY

A non-conductive degreasing electro cleaner which totally evaporates and is non corrosive.

- Non Conductive
- Fast Drying
- Water Displacing
- Non Corrosive
- Approved by:
> Marinfloc

DESCRIPTION

Careclean ECS QuickDry is an electrocleaner that can be used on running equipment such as electrical tools, generators, alternators.

ADVANTAGE

Careclean ECS QuickDry is:

- non-conductive
- an excellent degreaser
- displaces water
- no flashpoint

Can be used on:

- running electrical equipment
- powered switch boards

APPLICATIONS / DIRECTIONS FOR USE:

Spraying: use Careclean ECS Quick Dry undiluted for switchboards, motors etc. If used in an enclosed space, keep the area well ventilated. Use spray equipment which gives a fine spray but no mist for best results. Once the product has acted, use it again to rinse off contamination and afterwards dry with compressed air.
